## I'm Drowning in Stuff

**SOMEHOW, DESPITE YOUR BEST EFFORTS,** you're wading in a slo-mo tsunami of STUFF. How do some people let go of cards from loved ones, kids' art, books they want to read, and crafts they want to DIY (someday, when they have the time)? How do people maintain bare counters and bookshelves holding, like, a single vase? Are they robots?

### LET GO OF THAT SHIT!

People are not robots, but Instagram IS a robot—a lying robot! But if you want to declutter for your own sanity, you're 100% capable. But it doesn't have to happen in a weekend. You can start with one room, or purge one item a week (sweater, cakepan, etc.). You can freeze your credit card (literally, in ice!). But please, take a breath and don't worry about it.

**NOPE...NOT TODAY, SHIT!**

## I Can't Find Clarity

**ONE MINUTE YOU WANT ONE THING** and the next... well... the next minute you have no idea what you want and maybe even no idea who you are. You might feel like something in your life is destiny, but then it doesn't work out and you doubt the part of yourself that believed in destiny in the first place. It's exhausting to be human sometimes, and when you can't get clear on the big things, it's easy to feel small.

### LET GO OF THAT SHIT!

Having a lot of ideas and options is actually a good thing. You'll never get bored with yourself and you'll always have something to look forward to. Free will is a real thing and you get to make all the choices you want. Maybe you have a whole lot of enticing options rather than a lack of clarity.
